[LinkedIn](#) | [GitHub](#) | [LeetCode](#) | [Portfolio](#)

Software Engineer with expertise in web development and Generative AI, experienced in building scalable web applications, AI-powered products, and backend systems using React.js, Next.js, Node.js, MongoDB, REST APIs, and LLM technologies.

EXPERIENCE

Software Engineer Trainee | BusinessNext | Mumbai

Dec 2025 – Present

- Engineered root-cause analysis workflows for production CRM issues using structured log analysis and systematic debugging, accelerating defect resolution across the application lifecycle.
- Built and executed automated API performance and load-testing frameworks using JMeter, integrating Grafana and InfluxDB for real-time monitoring and bottleneck detection across microservices.
- Analysed system performance bottlenecks and collaborated with engineering teams on defect lifecycle management, contributing to production stability and reliability.

SDE Intern | ACKO General Insurance Limited | Bangalore

Jul 2024 – Jun 2025

- Developed reusable UI components using React.js and Next.js, improving user experience and engagement.
- Led Next.js 14 migration, reducing build size by 35% and improving page load time by 40%.
- Designed and integrated REST APIs across microservices, improving API performance by 30%.
- Resolved production issues through code reviews, static analysis, and debugging, reducing defects by 18%.
- Enhanced Jenkins CI/CD pipelines, increasing deployment efficiency by 25%.

PROJECTS

LLM-Powered AI Tutor with Generative AI Integration | React.js · Node.js · OpenRouter API · Mistral-7B · Tailwind CSS [\[GitHub\]](#)

- Engineered an AI-powered tutoring platform leveraging Mistral-7B via OpenRouter API, enabling real-time Q&A, quiz generation, and automated response synthesis using prompt engineering and LLM orchestration.
- Designed and optimized LLM prompts to improve contextual accuracy, response relevance, and user engagement across diverse educational use cases.
- Developed scalable full-stack architecture using React.js, Node.js, MongoDB, REST APIs, and JWT authentication, ensuring secure and seamless user interactions.
- Built Generative AI features including adaptive quiz generation, conversational AI workflows, automated feedback systems, and PDF/DOCX export functionality, demonstrating end-to-end AI product development.

Real-Time Chat Platform with AI Integration | React.js · Redux · Node.js · MongoDB · Socket.IO · Tailwind CSS [\[GitHub\]](#)

- Developed a scalable real-time chat system using Socket.IO supporting 100+ concurrent users with sub-100ms latency.
- Designed full-stack architecture with React.js + Redux state management, Node.js REST APIs, and MongoDB data layer.
- Implemented JWT-based authentication, role-based access control, and responsive UI — production-grade code quality.

TECHNICAL SKILLS

AI / GenAI: Generative AI, LLM APIs, LangChain, Prompt Engineering, RAG Pipelines, Agentic AI, AI Automation

Languages: Python, JavaScript (ES6+), TypeScript, C++

Frontend: React.js, Next.js, Redux, Tailwind CSS

Backend & APIs: Node.js, REST APIs, Socket.IO, JWT, Microservices

Databases: MySQL, PostgreSQL, MongoDB

Cloud & DevOps: AWS (Cloud Practitioner), Jenkins, CI/CD, Git, GitHub

Testing & Tools: JMeter, Jira, Log Analysis, Debugging, Grafana

Core CS: DSA, OOP, DBMS, Operating System, Computer Networks

CERTIFICATIONS

- Generative AI with Large Language Models — Coursera (DeepLearning.AI) [Certificate](#)
- Generative AI for Everyone — Coursera (DeepLearning.AI) [Certificate](#)
- AWS Cloud Practitioner Essentials — Amazon Web Services
- NPTEL - Database Management System (Elite) [Certificate](#)
- NPTEL - Programming in Modern C++ [Certificate](#)

EDUCATION

GCET - Dr. A.P.J. Abdul Kalam Technical University

CGPA: 8.62/10

Bachelor of Technology in Computer Science & Engineering | 2021 – 2025

ACHIEVEMENTS & EXTRAS

- Solved 480+ DSA problems on LeetCode — strong problem-solving and algorithmic thinking foundation.
- Best Idea Award — Product Launch Event, Galgotias Educational Institutions.
- Soft Skills: Teamwork | Communication | Leadership | Adaptability | Time Management
